

ENID A.R.C. LIGHT

Vol 8

DECEMBER 1974

No. 12

CLUB MEETING THIS THURSDAY, 7:30, AT THE SIRLOIN STOCKADE

The December meeting of the Enid Amateur Radio Club will be held this Thursday, December 12, at 7:30 pm. Each member and guests will go through the line and may simply order from the regular menu. W5LHU has indicated that we will receive a 10% discount as a group.

A very interesting film will be shown in the banquet room on Communication. This film deals with the ordinary communication between people and not Ham Radio. One of mankind's greatest problems is communicating what we really think and feel to others. The film is non-radio and non-technical and all will enjoy it.

A special invitation is going out to all of those who have been in the classes and to all members to bring as many guests as they would like to bring.

A BRIEF FOREIGN LANGUAGE DICTIONARY FOR STRANGERS IN THE SOUTH

The December MORI Newsletter contained some of the following difficult words the northerner often hears from amateurs here in the south to help the communication problem with the yankees.
